## BUY LOCAL AND HELP A LOCAL RESTAURANT OUT

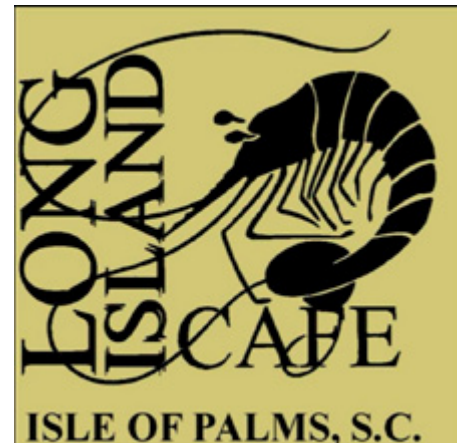

Spending time at the beautiful beaches of Isle of Palms we thankfully stumbled on an island staple, Long Island Cafe. Another hidden gem (and most recently, very hidden), in the Low Country.

Long Island Cafe has been an island institution for over 28 years and is currently struggling due to the development of the new Harris Teeter Grocery Store. The store is not only taking over the lion's share of the strip center in which it will

reside, but most, if not all of the parking spaces for Long Island Cafe are blocked during construction. It has become a challenge to see if the Long Island cafe is open (small banners announce this), and parking is almost, but NOT totally impossible.

Let's rally around this terrific family who has stayed faithful to the island and their customers by dining at their restaurant.
